# Mx350i-DW

## Compact, airless and cost-effective labelling

The smallest labelling solution in the **Mx-Series** range, the **Mx350i-DW** offers a direct-wipe system for simple labelling requirements. It provides fast and accurate labelling on moving products or packages without requiring any compressed air. It is a cost-efficient model, yet it maintains the same overall clean design and flexibility that the Domino print and apply range is well known for.

## Easy to integrate

◆ Advanced connectivity options enable effortless integration with ERP, WMS, and MES systems within your factory, for smooth operation and enhanced productivity.

◆ With one of the most flexible and streamlined designs on the market, the **Mx350i-DW** print and apply solution is available in both left- and right-hand variants, for seamless integration into any production line.

## Easy to use

◆ The **Mx350i-DW** is made user-friendly with its integrated UI and optional remote 10-inch touchscreen, ensuring easy operation.

◆ The robust design and clever functionality minimise the time required for media changes and maintenance, so yo can maximise production uptime.

## Easy to adapt

◆ The **Mx350i-DW** is built to endure, promising a long life, while its adaptability ensures it can meet your evolving labelling needs without requiring costly investments.

◆ The system is highly configurable and offers a multitude of options to further refine and simplify your labelling processes.

## Domino. Do more.

# A complete solution for all labelling needs

Our services are designed to provide operational insight so you can reduce downtime and maximise production efficiency

## Operational support

Our extended warranty packages provide high-quality, on-site assistance and augmented reality-enabled remote guidance from our engineers. **SafeGuard** helps to ensure we can be with you when you need us most.

## Automatic code inspection

Ensure every code that leaves your factory is present and correct, and free up operator time. With **R-Series**, Domino's range of vision control systems, you can automate your code inspection to validate code presence, placement, and readability.
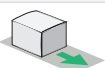

## Central label management

**Domino Automation** easily integrates into your manufacturing process as well as your ERP/MES systems. It makes automatic changeovers safe and simple, helping you to reduce waste and drive sustainability initiatives while increasing productivity and efficiency.
## Smart production

Gain operational insight by con-necting your printer to **Domino Cloud**. Obtain production analytics dashboards and receive system error alerts. **Domino Cloud** provides you with the information you need to run your operations more efficiently.

## Technical specification **Mx350i-DW**

| Model | Mx350i-DW4 | Mx350i-DW6 |
|---|---|---|
| Print width | 108mm (4-inch) | 162mm (6-inch) |
| Print technology | Thermal transfer / Direct thermal | |
| Print resolution | 12 dots/mm (300dpi) | |
| Printer variants | Left hand or Right hand | |
| Max print speed | 400mm/s | 250mm/s |
| Distance to product | 0mm | |
| Product motion | Moving | |
| Apply method | Direct wipe | |
| Label position | | |
| Recommended label width | 25-110mm | 25-166mm |
| Recommended label length | 30-300mm | |
| Label & ribbon roll length | Up to 600m | |
| Input voltage | 90-250VAC 50/60Hz | |
| Communication | 4x Ethernet, TCP/IP, 2x USB-A, 1x USB-B | |
| I/Os (configurable) | 12 inputs and 12 outputs | |
